

Autoclave Systems with Quick-Opening Doors for Aerospace Structural Composites

Spherical Paddle Chopper Dryer

C-GMP Rotocone Vacuum Dryer

Tall Vertical Column

cGMP Heat Exchanger

Silicon Carbide Tube Heat Exchanger (Di-Sic)

Shell and Tube Heat Exchanger for Oil&Gas

Batch Reactor with Internal and External Coils and Agitator

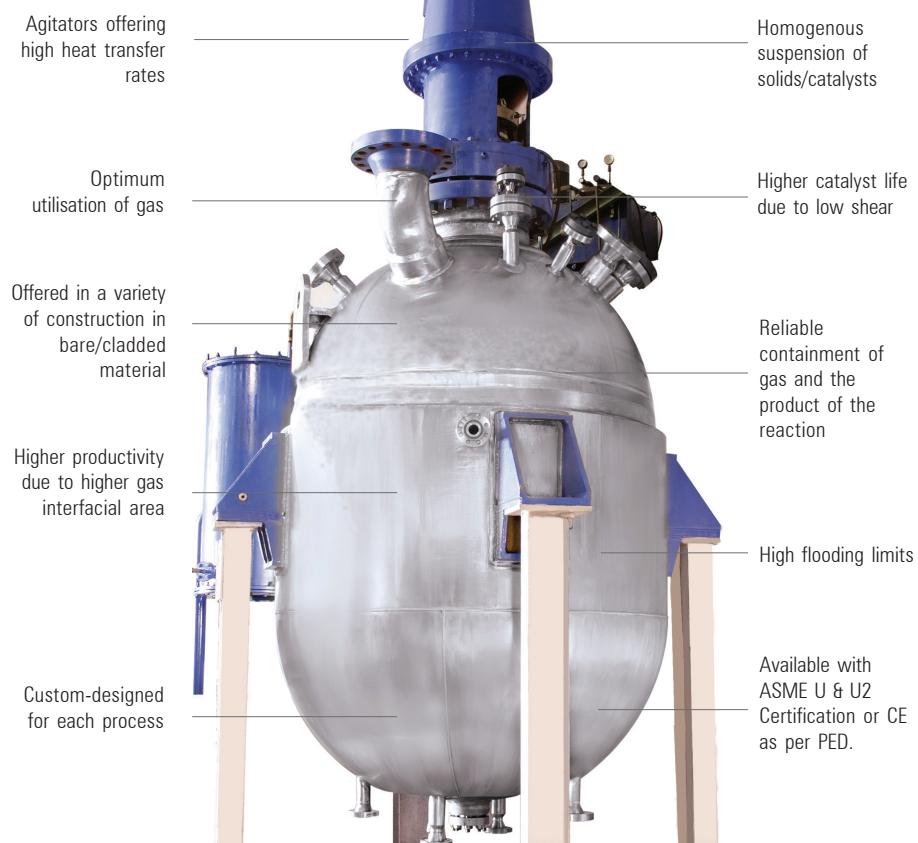

cGMP Reactors

cGMP Reaction Kettle

Alloy-20 Reaction-cum-Filtration Vessel

GAS LIQUID REACTORS/HYDROGENATORS

For Hydrogenation, Oxidation, Ethoxylation, Phosgenation, Chlorination, Ammonolysis, Carbonation, Bromination, Sulphonation and Fluorination

With over 100 trained and highly experienced engineers, more than 400 skilled technicians and six modern plants equipped with the latest manufacturing technologies, we at Dipes Engineering Works are ready to serve you. Since 1981, we have been designing and supplying a range of coded process equipment and plants to global clients under third-party acceptance of firms like Lloyds, TUV, Jacobs H&G, BVIS, AKER, SAIPEM and TCS.

Our aim has remained consistent over all these years: Be a one-stop-shop and provide all standards-based process equipment and services under one roof. Our clients say we make a huge difference to them through our innovative approach. We invite you to benefit from our experience and expertise.

Let us know how we can help you.
